Announcement

THE establishment of The E. P. Ranch and the Shorthorn Herd thereon by His Royal Highness the Duke of Windsor was for the primary purpose of assisting Shorthorn breeders and the cattle industry generally by making available animals of the best breeding and quality. It is hoped and believed that in the dispersal of the large number of superior breeding animals from the Ranch by Public Auction at this time will serve to provide new breeders, also those with well-established herds, with an additional stock of cows, heifers, herd bulls and young bulls of the choicest breeding and highest individual merit.

The E. P. herd was founded and has been continuously maintained and improved with females and herd sires from the best herds in Great Britain. Only animals of the choicest breeding and individual merit have been imported, and only the most approved and fashionable families have been represented. Almost every great improving Shorthorn sire in Great Britain will be found in the top crosses in the pedigrees of the animals represented in this Catalogue. Recognizing the dual capacity of the cows of this breed, care was always exercised in selecting animals of heavy milking strains, combined with strong constitutions and the faculty of carrying a great wealth of firm, edible meat.

The stock bulls used have been of very superior merit, including the noted *King of the Fairies*, International Grand Champion; *Climsland Goldsmith*, Reserve Grand Champion to King of the Fairies, Imp., at six Western Canada Shows; *Cruggleton Shylock*, whose get won premier honors

for Canadian-bred cattle at the Chicago International as well as many Canadian Shows; *Master Gaffer*, also a great improving sire, whose son, Princeton Leader, in California, is proving a wonderful sire of prize-winners at National Shows; *Bapton Orator*, the present herd sire, perhaps more than any of his predecessors, has reproduced in his offspring, both in bulls and heifers, those unique breed characteristics of style, rugged constitution, great wealth of flesh, with low down, blocky, compact bodies that have made the Shorthorn the great pioneering beef breed.

The fourteen yearling heifers, ten yearling bulls and twenty-five or more calves sired by him in this Sale will, if properly developed and cared for, will bring profit and reward to any breeder giving them the opportunity.

As it was decided to announce the Sale on very short notice, none of the animals have been specially fitted. All will be presented in natural pasture condition, directly from the pastures of the E. P. Ranch. It has been the practice to have the chief herd sire run at large with most of the breeding cows at pasture during the greater part of the mating season. The majority of the cows are listed as pasture bred; some, however, as stated in the footnotes at the bottom of each pedigree, were bred at the stables, and the dates given. After passing over one period they were, in some cases, turned to pasture with the herd and the herd sire.

A cordial invitation is extended to anyone interested in Shorthorn Cattle or the improvement of beef cattle generally, to visit the Ranch on Sale Day.

W. L. CARLYLE,
Manager.

He was First Prize bull calf and one of the group of three bulls at the Birmingham, England, Show and Sale in 1933, at which time he was purchased for the E. P. Ranch. Has not been highly fitted for show purposes in this country, but as a 2-year-old he was First at the Toronto Royal, First at the International in Chicago, and has not been shown since that time. He is an exceptionally low down, very thick fleshed bull with a wonderful head and horn, specially strong in the loin and remarkably well filled in the thighs and quarters. Bred by the Bapton Shorthorn Company in England by the famous Calrossie Ringleader and out of Bapton Orange Blossom 4th, that Mr. Stewart, Millhills, has said he believes is one of the most perfect Shorthorn breeding cows in England.

Was first prize Senior Calf, Junior and Reserve Grand Champion at Regina, and First and Junior Champion at Saskatoon. By Bapton Orator and out of the great Imported breeding cow, Climsland Goldie 15th, that has produced such great show and breeding animals as Princeton Lorraine, second in two-year class at Toronto, later being sold to California where she won first and female championship at California State Fair. Princeton Nerissa, also a great show and breeding heifer. Princeton Opal, in our present Show Herd, and Princeton Queenly, the yearling heifer that sold in our 1937 sale to James Douglas & Sons for \$315.00. We believe that this young bull will prove a great sire.
